

OUR FIRM

Satel Law is a woman-owned boutique law firm, based in Tampa servicing the entire state of Florida. In just a little under a decade, the firm has garnered recognition as a rising star in the legal and business community, acclaimed by peers, colleagues, and cherished clients alike.

Our dedication to catalyzing diversity and empowerment in not just the workplace but the world around is at the core of our mission.

Because the firm focuses on four distinct practice areas: Business Law, Commercial Finance, Real Estate Law, and Trusts & Estates, we can offer our clients a comprehensive and nimble approach to their legal needs.

In addition to these core areas the firm specializes in representing financial institutions across the nation in the documentation and closing of government guaranteed loan programs, a niche area of law that allows banks and lenders the ability to provide small businesses access to much-needed capital empowering economic development and growth throughout the business community.

We take great pride in delivering value and exceptional results, and the belief that our clients' achievement of success is the key to our firms' success. With confidence and a sense of fulfillment, we walk alongside our clients on their journey to prosperity and enduring success.
